

Covid-19 Update

8th February 2021

Dear All,

First of all, we hope that all of our valued customers and their families have remained safe and well throughout this difficult time. Our health is a priority above all else.

As the impact of the pandemic has dragged on, into another calendar year, we would like to reassure our clients that our newsletter services are operating as normal.

We have continued to work, actually enjoying improved online access to companies and fund managers, and we think that our content is even more vital at this time of uncertainty, to help you navigate this challenging period with success.

Global stockmarkets are still offering plenty of opportunity for well-informed investors, and we believe it makes sense to continue investing. Please let us know if we can help with any specific issues you may have, and we will do our very best to assist.

With my sincere best wishes

Andrew McHattie
